
Lessonsmith Ltd

Teaching made for every mind

AI teaching resources for staff and students in UK schools, Reception to Year 13

Executive summary

What it is

One platform for staff and students: an AI builder for teachers' lesson plans, worksheets, slides and quizzes, plus pupil revision and AI Labs

Why it wins

SEND and EAL support in every resource, every year group from Reception to Year 13, and student tools, including AI Labs, in the same licence

How it earns

A free plan leads to Pro from £5.99 a month, paid add-ons, and school licences from £350 a year

Why schools trust it

A DPA and DPIA pack for schools, UK GDPR minded design, and no ads or tracking

Lessonsmith turns a class brief into a ready-to-teach resource in minutes

1

Tell us the class

Year group, subject, topic and curriculum, plus any SEND or EAL needs

2

Lessonsmith drafts it

A lesson plan, worksheet, slide deck, quiz, exam questions, rubric or report comments

3

The teacher checks it

Edit, save to the library, and download for Word, PowerPoint or print

Example: a Year 9 Biology lesson on enzymes

Do Now • I do • We do • You do • Hinge question • Exit ticket, with speaker notes on every slide

One subscription covers 6,900+ resource combinations, from phonics to A level

15

resource types

Lesson plans to report comments

33

subjects

Phonics to Computer Science

14

year groups

Reception to Year 13

9

curricula

Matched to the teacher's own

6

exam boards

Board-style GCSE and A-level questions

6,900+

combinations

Each ready to tailor to a class

Staff and students share one Lessonsmith platform, from £35 per teacher a year

Why schools, staff and students choose Lessonsmith Ltd

SEND and EAL ready

Any task adapted with chunked steps and word banks, set at support, core and stretch levels

Reception to Year 13

15 resource types across 33 subjects, 9 curricula and 6 exam boards, from phonics to A level

Built for students

AI Labs: pupils train their own AI. Plus 108 KS3 Computing lessons and free revision, no login

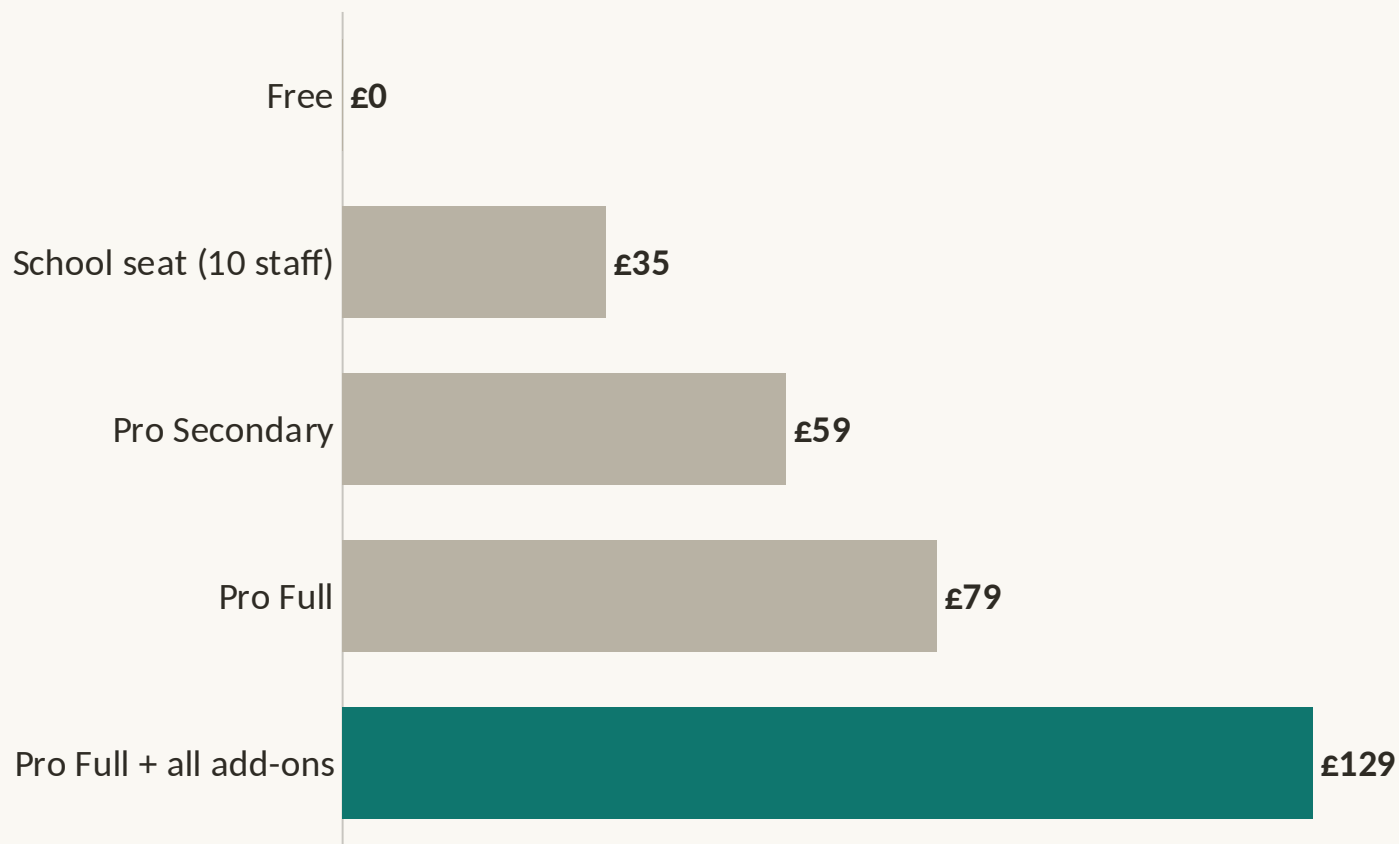

Private progress

Smith Coins let anyone track their work with no login and no student data stored, so no school sign-in is needed

Per-teacher price based on the £350-a-year school plan for 10 staff, against £79 a year for individual Pro Full. Source: lessonsmith.net, October 2026

A free plan feeds paid tiers that run up to £129 per teacher a year

Annual price per teacher by plan, £

Free gets teachers in

5 resources a month, no card needed

Pro converts them

100 resources a month, with a 14-day trial

Add-ons lift spend

Revision Forge Plus, AI Labs and Model Forge

Schools buy in bulk

10 staff from £350 a year, paid by invoice

Annual prices as published; monthly Pro is £5.99 or £8.99. School plan: £350 a year for 10 staff. Source: lessonsmith.net, October 2026

A school licence gives staff and pupils one platform, from £350 a year

For every member of staff

- **Pro Full for all:** every tool, 100 resources each a month
- **KS3 Computing:** 18 units and 108 lessons for Years 7 to 9
- **Training:** a staff CPD studio and a live INSET
- **Admin:** school logo, Microsoft or Google sign-in, invoice billing
- **Oversight:** a leadership dashboard and UK support

Included for pupils

- **AI Labs:** three machine-learning projects, 90 KS3 places
- **Python Pathways:** coding from KS3 to A level
- **Revision Forge:** every GCSE Computer Science topic
- **Upgrades:** every GCSE subject for +£149, A level for +£79

Data protection is built in for schools, staff and pupils

DPA and DPIA pack

Ready for a school's data protection officer before sign-off

No ads, no tracking

UK GDPR minded, with no advertising or tracking

Secure sign-in

Two-step sign-in, plus Microsoft or Google accounts

Pupil data stays local

AI Labs needs no pupil accounts and keeps images on the device

Pupil products extend Lessonsmith from teacher tools to whole-school use

Product	What pupils get	Status	Price
Revision Forge	GCSE and A-level lessons, quick revision and exam practice	Live, no login	Free topics; Plus £29
AI Labs	Three lessons where pupils train and test their own AI	Live for KS3	In school plans; £49
